

## Early Head Start

EHS is an early childhood program that focuses on the child and the family as a unit. We support families in reaching their goals Big and small. We offer an individualized lesson plan for each child that promotes school readiness. Each teacher is responsible for no more than four children. Our small classrooms allow for teachers to provide primary caregiving to a small group of children.

**Did You Know that Early Head Start is an Early Childhood Program that offers free child care if you qualify? And that's not all- we also provide diapers, formula, meals, and developmental screenings free of charge. Childcare is free for those who qualify and are accepted/enrolled into the program.**

**Early Head Start centers and Home Base are now accepting applications. If you are an expecting mother, have an infant and/or toddler who is between the ages of birth up to 2 years of age please call the number in your area for more information.**
